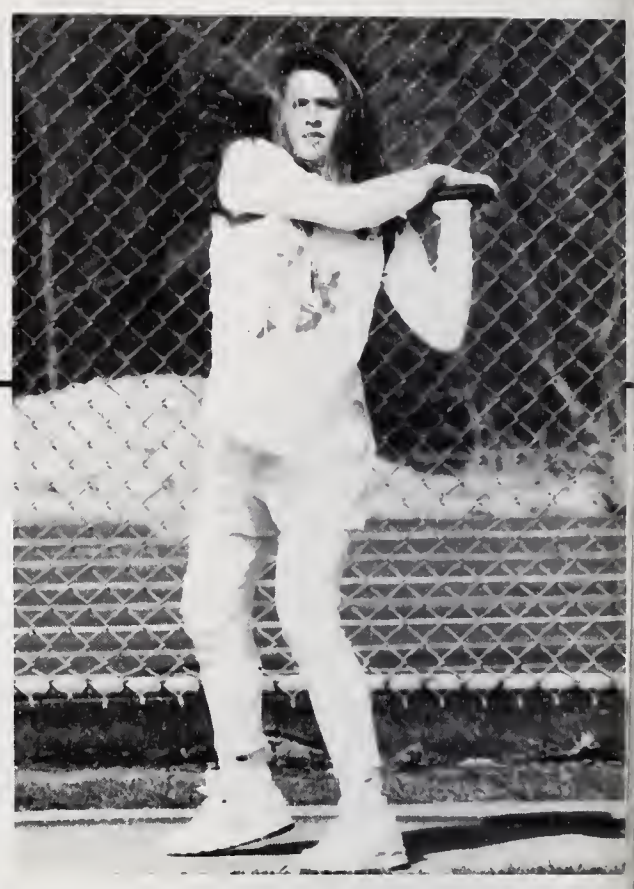
REFLECTIONS

As we cross the bridge to a new phase of our lives, we pause to look down at the water below us. Each of us sees a different reflection. Some of us see images of the past: old friendships, special moments, our younger years. Others see prospects of the future -- college and various career ambitions.



Row 1 Left to Right:
A rose between two thorns;
Fooling around with friends;
Throwing the discus.

Row 2: Left to Right:
Ready to receive the pitcher's throw;
Dancing the night away at the Junior Prom.

Yet in the center of these reflections, we all see B.R.R.H.S.. After four years of working together, we have forgotten the exact moment where Bridgewater and Raynham became one in the classroom and on the playing field. Fond memories of the Prom, football games, pep rallies, and other activities flood our minds.

As we hear the distant voices of those who were a part of our high school years, we find the courage to look up and continue to cross over the bridge.

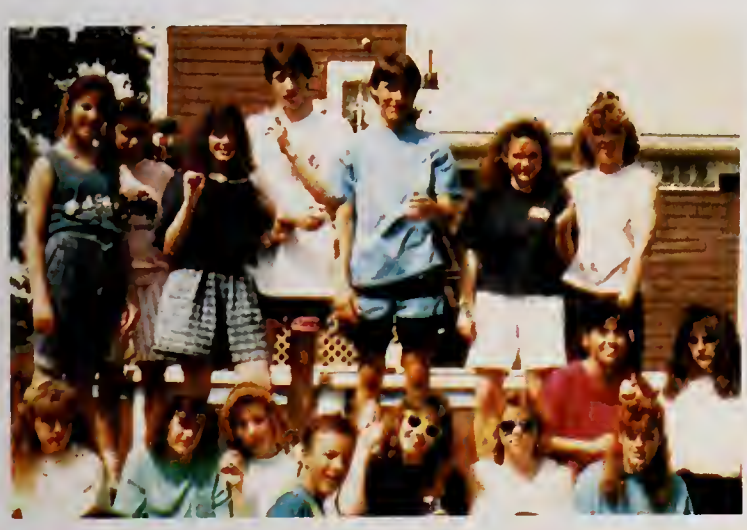
ROW1 Left to Right:
How about those MacDonald's lobster rolls?
Relaxing after the rigors of math class.
ROW 2 Left to Right:
A typical scene at Emily's snack bar;
At our lockers: "Who borrowed my English book?"
Mr. Peabody surrounded by The Magnificent Seven.

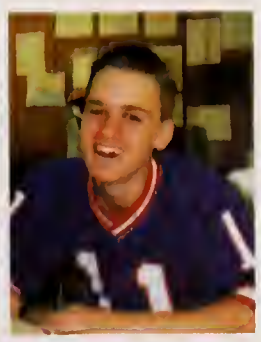
YOUNGER YEARS

As we reflect on our younger years, they seem so innocent now. Our social life revolved around Friday night dances. We anxiously worried about graduating from eighth grade. Those were the days when our "groups" changed

minute to minute, but we still kept special bonds with our closest friends. We remember arguing about what groups we were going to be in on our field trip and scurrying to get the back seat of the bus to be cool for the day. The tug-of-war during the field day always decided the school champion. The memories of how little we were while we played as the Raynham Giants and the Bridgewater Badgers are clear in our minds.

As we grow and change, the memories of our youth will always be with us. Our younger years put us where we are today.





FRIENDSHIP

When we reflect on the meaning of friendship, we realize a friend is much more than a pal. A friend is someone who stands beside you when times are tough, someone who believes in you and works to help you achieve all you can.

The friendships formed in high school are the ones we will never forget. From Freshman year through Senior year, friends grew together creating memories that will last a lifetime. We'll never forget the times we laughed

so hard our stomachs hurt. Who was going to drive home from the party? Which mall should we go to this weekend? Does anyone have any gas money?

Acquaintances will come and go, but true friends always stay with us. No matter the distance, they're always in our hearts.

LEARNING

Learning is not just something that takes place in the classroom. When we reflect on the meaning of education, we realize that we learn not only from from our teachers but also from our peers.

In the classroom we acquire the skills and knowledge needed to succeed in the future. We learn to work in co-operation with others.

Sometimes learning is hard work like solving problems in algebra, and sometines learning is fun like making papier mâché masks in art.

Whether the lessons are difficult or easy, we will never forget the times we shared in the classrooms of B-R.

Our various experiences have prepared us for the challenges that await us in the future. This is the kind of education that will stay with us for a lifetime.

SPECIAL MOMENTS

Memorable times are ours to treasure. When we reflect upon those happy occasions, they will remind us how precious these short four years have been to us

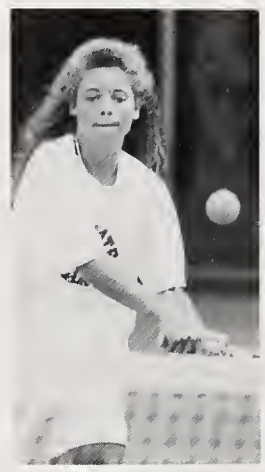
In the past four years we have met new people and shared many special times with them. These times include

events such as our Junior Prom and our Senior Prom, Miss Regional Dances, the Senior Holiday Party, and Thanksgiving football games.

Yet even those moments such as walking to class, going to the beach, sitting together at lunch, and just being friends may be the most special moments of all.

SPORTSMANSHIP

During out four years we've made many friends on the playing field. We've supported each other through the tough times and cheered each other through victories. Our fellow teammates, coaches, and fans are what B - R school spirit is all about. The pride we felt after giving our best will always be with us. The exhileration we felt after scoring the winning touchdown, the winning run, or the winning goal

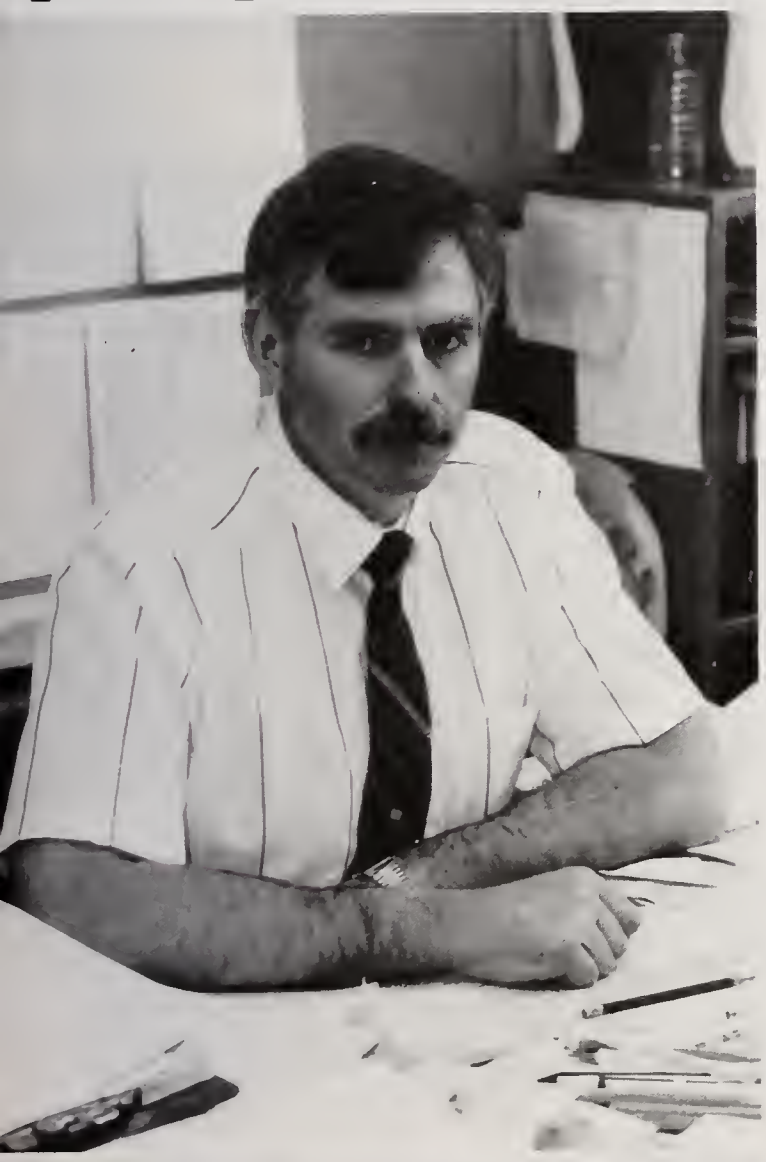


was indescribable. Sports make up a large
art of our school life. The teams represent
Bridgewater-Raynham to our rival schools.
We trust our teams to play with good sports-
manship, which is the most important skill
ained by playing sports for B-R.

ACTIVITIES

The B-R's activities reflect our wide variety of interests. Whether we're traveling to the Carribean with the Foreign Language Club or raising money for Mr. Reilley's scholarship fund by putting on a spaghetti dinner, we're always having a good time. From the Band to student government to after school organizations such as Unitas and S.A.D.D., B-R's ample choice of activities keep us busy the whole week through.

MR. ALAN PEABODY, YOU ARE VERY SPECIAL TO US!



A yearbook represents the experiences and memories we wish to retain throughout our lives. It seems only fitting to include and, in fact, to honor an individual who is so involved in those memories. Therefore, with our deep appreciation, the Class of 1993 takes great pleasure in dedicating our yearbook to Mr. Alan J. Peabody.

Through his guidance and inspiration he has helped us to grow, to learn, and to be proud of the Bridgewater-Raynham tradition.

To some an Administrator, to some a Dean, others a Coach, but to everyone, Mr. Peabody is a sincere Friend.

With this dedication we wish to simply and enthuiastically say THANK YOU!

THE CLASS OF 1993

Our baby pictures reflect our childhood and show how we have developed into the individuals we are today. Remember visits with Santa, playground slides, our puppy, our favorite toy, our first "dress up" outfit. See what cute and lovable, exasperating and mischeivious little tots we were not so long ago.

JUNIOR PROM

The Junior Prom was held at Lantana's in Randolph on May 22, 1992. Our theme song was "Wonderful Tonight" by Eric Clapton. Dressed in taffeta and tuxes, we were ready for a night of fun and memories. Compliments filled the air. Although only two people could be crowned king and queen, we all felt like royalty that night. Anticipation grew as we waited in line for that momentous photograph to be taken. The dance floor was crowded at all times as the DJ played our favorite songs. Wracking their brains for inspiration an imagination, students devised interesting captions and wrote text. Students also typed Senic messages into the computer, proofread copy and checked spelling.

The 1993 Unitas Staff:

Row 1: Rebecca Trent, Julie Sorgman, Bethany Clemmey, Kelly Moore, Hillary Wright, Michelle Drislane, Kristen Magnifico, Susan Taylor, Saundra Ciulla;

Selling ads and yearbooks was crucial to a suc cessful publication. Hardworking and enthusiasti salespeople like Danielle Kiernan, Val Ferreira Dave Pareigis and Janine Flanagan helped us t meet our financial obligations.

The 1993 Unitas

'roducing the Yearbook was only one aspect of the job. :qually important was raising money to pay for the Yearbook's ublication. Students went out into the community to find ponsors and advertisers. They also sold yearbooks to stu- ents and faculty members to raise sufficient money to meet xpenses. All in all, many people contributed to a great effort) produce a book that will provide memories of 1993 for years to come.

The Regional Sound

The Regional Sound provides information and entertainmen for the students of B-R. The editorials, school news, sports entertainment and literary page are all aimed at the interest of high school students.

The Regional Sound is produced by students. The busi ness managers fundraise and sell advertising space to pay for publication. Contributers write articles, photograph school events, draw pictures and review movies and music. The editors decide on the articles for each issue and begin layout.The newspaper is put together during layout. Articles are typed into a word processing program on a Macintosh computer. Using the Pagemaker desk top publishing program, these articles are arranged on pages and sent to the printers.

Finally the Regional Sound is ready for circulation. The paper is distributed to students who read it front page to back page. Their interest is the reward for all the hard work put into making the paper possible.

While Pete Reynolds and Marty Boyden revise text, Sports Editor Jon Harper submits an article to Wade Harpootlian.

On dueling computers, layout experts Marty Boyden and Wade Harpootlian plan the next edition of the Regional Sound.
